

Below you will find the water day schedule for June and July. We have staggered the times so each class will get 30 minutes of water play a week. There will be a 15-minute break between each class for clean-up and set-up. Please note that if your class is the first class of the day, you will be responsible for setting up the equipment. **LAST CLASS OF EACH DAY is responsible for clean-up.**

More information about rules and items used for Water Day will be discussed at Teacher Work Day. If you have any questions, please see Erica (Dolphins).

Starts on Tuesday, May 27!
